

## **Private Coaching with Doug & Traci Burke**

Traci and I will work with you to develop a real estate investment game plan based on your goals. Our program is designed to first understand where the student is at with their life and their business. From this understanding, a game plan will be created with focus on critical first steps. Students will have two scheduled coaching sessions a month, each roughly an hour long, to discuss their progress with the plan, new acquisition opportunities and how they potentially fit into the plan, and to check the systems and subsequent activity that will insure the plans success. Two coaching sessions per month with interim discussions as activity and opportunity necessitates is the starting place for every coaching student. A minimum of a three-month commitment is required for entry.

Cost of program: \$4,000.00 for this three month program (One day on the streets and three months of coaching) three month commitment required.

Down payment: \$3,000.00 (must be received prior to starting the program). Two additional payments: \$500.00/month each payment.

Additional monthly coaching (After completing initial three month coaching program): \$1,000 per month.

We only accept three students at one time. If you would like to reserve your spot at anytime in the future we require a \$1000 deposit to reserve your spot.

If interested in learning more about private coaching please call Doug (828)423-1161 or Traci (828)242-5393.
